2018 Club Championship.

a) A Karting Competition will take place on Wednesday 23rd January 2019 it will start around 7-00 pm, this will count towards the 2018 Club Championship, it became difficult to fit it in for the late part of 2018.

For further details please contact the organiser of the event Guy Waddington,

Tel. 07798 566616

Email guy@screencraft-display.co.uk (please note this is a new email address for Guy).

There are of course other clubs in the local area that are organising events that we are an invited club, see later in newsletter.

Up to date points tables for the 2018 Club Championship are attached to this newsletter, There are two more events that will count towards the Championship left for 2018, they are WDMSC Karting competition and Slaithwaite MC Navigational Scatter.

Reports on Events, Shows and Visits.

a) Thanks to those who put together, supplied cars and manned the club stand for two days at Ackworth Show in July.

b) Visit to M-Sport was enjoyed by the members that went 8 in total, pity we could not fill the other 4 places to complete our commitment of 12 places.

c) Visit to united Autosports in September, only 6 club members could be bothered to go to this very enjoyable evening, to save embarrassment we managed to come up with 4 none members at the last minute, once again to get near to our commitment of 12. (I have to say at this point if members want us to set up more visits in 2019 you will have to have a lot more commitment than has been shown in 2018).

d) The 2018 Terry Orme Memorial Tour on the 30th September had a reasonable entry of 15, this of course was at the second attempt to run it with a sensible number of entries this time, the event in the Sunday format in all aspects was very well received by all who entered.

e) The Autotest that ran on the 5th August had a respectful entry of 11 should have been better.

f) The Autotest that ran on the 26th August had a diabolical entry of 4.

g) The Car Trial that ran on the 21st October only had an entry of 7 not much better than the previous Autotest.

This does raise a question of whether or not to run sporting events in 2019 because with this kind of commitment from the majority of club members is just not good enough and not fair on the members that put together and run the events considering the

hard work that has to go in to run one of these events and quite frankly they are getting fed up of doing it and who can blame them.

LAND FOR EVENTS.

We are always on the lookout for land to use on events, in particular a hard surface area for Autotests, and we are always on the lookout for fields for Autotests and Car Trials to try and prevent over use of the ones we are currently using, if you can get us a lead into any land of this description please talk to a member of the committee about it.

Events Organised by Other Clubs.

To give you the opportunity to get involved with events organised by other clubs, which as we are an invited club they will count towards Wakefield DMSC 2018 Club Championship, we will try and keep you up to date with the events in this section as each newsletter come out.

However please note the onus is on you the competitor to claim the points by letting Derek Slater have a copy of the results for each event you enter within one month of the event, he will not be chasing them.

The following are dates and events that we currently have;

- a) Slaithwaite MC, Navigational Scatter, Tuesday 20th November.

Club Membership.

You may remember at the beginning of the year we made a commitment to the Yorkshire RDO that we would try to reach a target of 50 members by the end of 2018 we have in fact reached that target, many thanks to all that have helped with this, however we must not give up we still need to recruit new members, you must know someone that would benefit from being a member of Wakefield & DMSC.

Do not forget if they join up to the end of this year the fee paid will carry them through to the end of 2019 so the club is in a win win situation as they count both in this years target and next years target.

The hardest thing will be making sure that all of these members from 2018 rejoin in 2019 so that we can stay on the up with the club membership.
